

# GET THE CREDITS YOU DESERVE AT EMBRY-RIDDLE AERONAUTICAL UNIVERSITY

Thanks to a new partnership, students in the **Emergency Management Certificate program at Herkimer College** can now transfer up to 18 credits toward the fully online Bachelor of Science in Emergency Services degree offered by Embry-Riddle's Worldwide Campus.

### A Degree That Sets You Apart

Embry-Riddle's B.S. in Emergency Services is among the few that carry the "Certificate of Recognition" from Fire Emergency Services Higher Education and is also accredited by the International Fire Service Accreditation Congress. With a curriculum specifically designed to address all critical knowledge areas needed for today's emergency responders, our program is globally recognized for providing career advancement opportunities.

Our students also earn National Fire Academy certificates and can choose from two specializations:

- ▶ Aviation Emergency Management, which focuses on aircraft accident investigation, airport emergency management and aviation safety.
- ▶ Fire and Emergency Services, focusing on emergency response administration, management and operational issues in emergency services.

Students can add minor courses of study based on their interests, and our program also features a 4+1 degree option for students who want to pursue a master's degree.

At Embry-Riddle Worldwide, you'll learn from expert faculty with years of experience and direct industry connections, while our award-winning online platform provides working professionals the flexibility to learn what they want, when they want, from wherever they are.

**Take the next step in your Emergency Services career by using your current credits to start earning a degree from Embry-Riddle.**
