Parent Refusal to Complete the FAFSA Form

Your FAFSA application is pending due to missing parental information. Please be aware the only financial aid you will qualify for without providing parental information will be a Federal Direct Unsubsidized Student Loan. Interest accrues on an unsubsidized loan from the date it is disbursed to the school. Your loan servicer will bill you quarterly for the interest on the unsubsidized loan while you are in school and during the six-month grace period after you graduate, leave school, or drop less than half-time status. You have the option of paying the interest or allowing it to capitalize (be added) to the principal balance of your loan.

If you are interested in receiving an unsubsidized loan, your parent(s) must complete and sign the affirmation statement at the bottom of this form and return the signed form to the Financial Aid Office. To apply for all other financial aid, you must provide parent's information on the FAFSA.
